120 minutos

**Platform:** Zoom

**Registration:** [https://success.zoom.us/webinar/register/WN\\_Z\\_U5kDzkQ0i16OrKhwpksg](https://success.zoom.us/webinar/register/WN_Z_U5kDzkQ0i16OrKhwpksg)

*The Alliance for Encryption in Latin America and the Caribbean - AC-LAC, is established as a platform for collective capacities and knowledge building in Latin America and the Caribbean, based on encryption as an essential tool for security and respect of human and fundamental rights in the region, such as freedom of expression and privacy.*

*Next Thursday, 21st. October, within the framework of the Global Encryption Day, we are holding a live webinar in which the main actors are going to be AC LAC founding members, and they will talk to us about the importance of establishing a pro-encryption agenda in Latin America and the activities that they have been developing in this regard.*

*You are all welcome to participate and join us in strengthening encryption in the region!*
